WARRANTY TERMS AND CONDITIONS

The company, Luker Electric Technologies Pvt. Ltd., offers a warranty period of 36 months to buyers of its Size Zero products under conditions set out hereafter. The warranty period applies to functional defects of the company's range of products, resulting from defectiveness of the material being used or irregularities in the production process, provided that the product is mounted and used in accordance with the manufacturer's instructions and requirements mentioned in the catalogue or instruction manuals provided. Kindly note that different products are provided with different warranty periods and it is mentioned in the product catalogues or may be confirmed with the company before purchase.

Products for which warranty is provided, the manufacturer will repair or replace, at its discretion, with products of the same type and, at least, the same quality at its own expense. The company will not cover any losses caused to property or person, directly or indirectly, with the usage of the company's range of products. The maximum liability due to malfunction of the product is limited only up to the purchase cost of the product.

The warranty is invalid and not applicable in the case of conditions further detailed below:

If the product is not used in accordance with the manufacturer's instructions or the product is used for purposes other than those for which it was designed or the incorrect assembly of the product. If mechanical damage and faults caused by the buyer's or third party's incorrect handling of the product or damage and faults caused by natural disasters (lightning, earthquake, fire, floods etc.) or incorrect electrical voltage (for example, electrical stroke, high voltage surge). If any repairs and interventions on products by unauthorized persons or any modifications of the product done by the customer. Any disputes arising under this warranty clause shall fall only within the jurisdiction of the courts at Ernakulam, Kerala, India.
