Smart Energy Meter

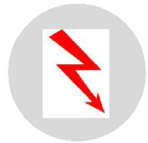

BIS IS:16444
Compliant

Configurable to
Pre-payment /
Post-payment

DLMS Protocol
For Interoperability

8 kV
Surge protection

60 days
Data storage

5.5 Years
Warranty

Current Range
1-Phase: 5-30A/10-60A
3-Phase WC: 10-60A
3-Phase CT: /5 A

Single Phase

Three Phase
(Whole-current and
CT-operated)

Plug and Play
communication

In-built Disconnecter with
1 Million life cycle

Advanced Tamper and
fraud detection

Remote Firmware
Upgrade

Power
Consumption <.6 W

Future ready net metering
for Solar Energy
