Life is all about possibilities. And it is these possibilities that enable a better view of an uncertain future we all live in.

Today, our world often gets complicated with tensions, pressures, increasing pollution and higher temperatures. We all try to cope up with it and make our life worthwhile.

A thoroughly relaxing day on a beach with a soothing cool breeze goes a long way to energise our mind, body, spirit and infuse a sense of contentment in our heart.

Polycab fans; a brand from the house of Polycab endeavors to build, nurture those moments and deliver happiness.; 'Hawa jo dil ko chhu le' is not just a statement for us. It is the promise of freshness that invigorates our patrons and rejuvenates their body, mind soul. It is a gush of contentment and strength, to break the shackles of tiredness, and approach life with a positive spirit.

It is this spirit that we kindle and live by.

It thus becomes a thought with which we differentiate and set ourselves apart... a fresh perspective that deserves its own space in the market today.

State of the Art Fans Manufacturing Plant At Roorkee, Uttarakhand

Polycab Fans, launched in 2014 are setting new benchmarks in quality, style and performance. Manufactured in a state-of-art factory in Roorkee, Uttarakhand, which is one of the largest fan factories under one roof. Each fan is meticulously manufactured, finished with love and closely inspected to ensure trouble free performance

Some of the noteworthy manufacturing processes are:

- Automated Copper Winding
- CNC Machine for a perfect shape
- Computer Controlled 7 Tank Anti-Rust Process
- Automatic Robotic Paint Shop (imported from GEMA)
- Largest Metallic Paint Shop
- In-house Automatic Air-Delivery Testing Lab

This ensures that all Polycab fans come with a DNA that ensures:

- Best in class 400 RPM (revolutions per minute)
- Optimum Air Delivery of **225 to 260 CMM** (cubic meter per minute) through Enhanced Blade Angles
- Years of trouble free performance due to the **largest Motor Body Size** with dynamically balanced blades high grade lubricated bearings and **99.999%** pure copper wire
- Stay bright finish due to High-Grade Metallic Dust-Free Paints
