RR Global is a USD 850 Million conglomerate in the electrical sector with a presence in over 85 countries globally. RR Global has always endeavored to create products of the higher quality using the latest in innovative technology. Spread across multiple business verticals including Wires & Cables, Switches, Fans, Switchgears, Busducts, Automated Multilevel Car Parking systems and now Lighting through our newest acquisition – Arraystorm.

Arraystorm is a recent addition to the portfolio of Brands under RR Global. RR Kabel, a name admired worldwide in the electrical industry with presence in over 85 countries globally, made acquisition of Arraystorm – a leading specialised lighting solutions provider. Arraystorm – is a premium LED lighting brand known for its energy-efficient customised lighting solutions. Arraystorm reinforces RR Kabel's philosophy of offering unique innovative products & solutions and widens the choice for the customer at the premium end.

Arraystorm focuses on the functional & professional LED lighting business. We create energy-efficient lighting products at our state-of-the-art factory in Bengaluru. Our aim is to deliver custom designed, high quality and high value lighting solutions to people and places worldwide. Our products are insight-driven and specially designed to suit each and every customer. We believe that our strong focus on technology and innovation will make the world a brighter place. To us the future is a challenge, the kind that we are ready to meet head-on, and we progress on a daily basis to become India's most innovative LED lighting application brand.

At Arraystorm, we do not design products, we design outcomes. Our products and solutions are a result of our futuristic thinking so as to create energy efficient and sustainable products. We do not consider the development of new lighting technologies to be our final destination, instead, we believe in focusing on addressing daily lighting problems. This helps us constantly deliver innovative, exciting, and practical solutions, to address our customers' needs.

INDOOR COMMERCIAL LIGHTING
RANGE

Lighting needs to be an important consideration in an indoor commercial environment. A complete lighting solution needs to provide visual comfort, so that they have a feeling of well-being and have the ability to perform tasks with a high degree of accuracy over a long period of time. This can be achieved by providing adequate illuminance on the work bays and surrounding areas

Application areas

**Commercial workplaces
Educational institutions
Healthcare**

EPIC I

RECESSED 1X1 LED GRIDLIGHT

Arraystorm EPIC 1 Recessed High Efficency 1X1 LED Gridlight, Body made of CRCA and Opal Diffuser with homogeneous light distribution without hotspots. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog | White color tunable.
For POP | Gypsum ceiling, frame to be ordered separately.

PRODUCT CODE	WATT W	BEAM ANGLE	CUTOUT (mm) L	W	DIMENSION (mm) L	W	H	LED
ASGL2001RFXXIN016	16	120	290	290	300	300	88	SMD

EPIC I

RECESSED 2X2 LED GRIDLIGHT

Arraystorm EPIC 1 Recessed High Efficency 2X2 LED Gridlight, Body made of CRCA and Opal Diffuser with homogeneous light distribution without hotspots. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog | White color tunable.
For POP | Gypsum ceiling, frame to be ordered separately.

ASTRO

RECESSED 2X2 LED GRIDLIGHT

Arraystorm ASTRO Recessed 2X2 LED Gridlight, Body made of ABS Plastic and Aluminium Gear tray,Opal Diffuser, homogeneous light distribution. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog | White color tunable.
For POP | Gypsum ceiling, frame to be ordered separately.

GENYSIS

RECESSED | SURFACE 2X2 LED GRIDLIGHT

Arraystorm GENYSIS Recessed / Surface 2X2 LED Gridlight, Body made of ABS Plastic and Galvanised Gear tray,Opal Diffuser, homogeneous light distribution, 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K/6500K. Driver also available in DALI | Analog | White color tunable.
For POP | Gypsum ceiling, frame to be ordered separately.

PRODUCT CODE	WATT W	BEAM ANGLE	CUTOUT (mm) L	W	DIMENSION (mm) L	W	H	LED
ASGL2015RFXXIN030	30	120	NA	594	594	52	SMD

LINEAGE TZ R

RECESSED LED TECHZONE GRID LIGHT

Arraystorm LINEAGE TZ High Efficiency Recessed Techzone LED Grid light, Body made of Aluminium and Opal Diffuser with homogeneous light distribution and without hotspots. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog | White color tunable.
For POP | Gypsum ceiling, frame to be ordered separately.

LINEAGE R-65

RECESSED LED CHANNEL LIGHT

Arraystorm LINEAGE R 6540 High Efficiency Recessed LED Channel, Body made of extruded Aluminium and PMMA Diffuser with homogeneous light distribution and without hotspots, 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog

FLO

SUSPENDED LED CHANNEL LIGHT

Arraystorm FLO, Tubular Architectural Circular LED Linear Suspended Channel, Body made of extruded Aluminium and PMMA Diffuser with smooth homogeneous and gentle ceiling illumination with 340⁰ light emission
230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog.

FORMS
RANGE

Many centuries ago, geometry won us over with its precise lines, enchanting forms, and captivating symmetry. The same striking patterns and flows define a design language that is modern, minimal, and contemporary, yet completely timeless. Arraystorm Forms are an exploration of geometric shapes in designer lighting. Artfully composed, and technologically sound, they are designed to delight, both, in form as well as function.

Geometry inspires the signature design elements of this range, which encompasses elegant trapezoids, stylish triangles, and softly-glowing hexagons. Arraystorm Forms capture your imagination, and lend workspaces and meeting areas a sophisticated, compelling quality. For architects, and designers, it's a new dimension in lighting.

ARIUM II

SUSPENDED LED DRUM LIGHT

Arraystorm Arium 2, Hi-efficiency Suspended LED Drum Luminaire made of High - grade extruded Aluminium housing in Matt White color. Screwless and seamless circumference and extremely smooth homogeneous light through the frosted unbreakable polycarbonate diffuser, without hot spots. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog

RETAIL
LIGHTING
RANGE

Accent lighting for retail stores can help highlight certain parts of a retail store or provide a specific mood. LED lights in particular make excellent accent lamps with their longevity and color options. LED lighting offers energy efficient lighting solutions with a variety of options that can save money for retailers and maximize customer satisfaction with an enhanced shopping experience.

Application areas

Hospitality
Retail shops
Commercial indoor spaces

METEOR I

RECESSED FIXED LED SPOT LIGHT
Arraystorm METEOR 1 is Recessed Fixed LED Spotlight, Body made of high grade die-cast Aluminium. 230 V with standard driver, CRI>80, CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog

INDUSTRIAL
LIGHTING
RANGE

An advanced lighting solution helps to optimize conditions at workstations in manufacturing bays, thereby increasing motivation and thus preventing fatigue and industrial accidents. Energy requirements in industrial complexes are often extremely high, due to the long operating and production hours, and hence require an energy efficient lighting solution.

Application areas

Industrial workplaces
Warehouses
Pharmaceuticals

BAYSTORM I

IP65

SUSPENDED LED COB HIGHBAY LIGHT

Arraystorm COB BAYSTORM-1, Hi-efficiency LED Highbay Luminaire, Body made of di-cast aluminium and hi-precision optics 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K/6500K. Driver also available in DALI | Analog

CLEANROOM LIGHTING

RANGE

A customisable lighting solution for CLEANROOM environment helps to optimize conditions in Pharmaceulicals and Healthcare workplaces. These fixtures have been designed for protection against contamination, polution, by organic & inorganic particles and maintain a complete dust free area.

Application areas

Pharmaceutical Industry
Chemical/Biological Lab
Healthcare Premises

EPIC BOCR (1X1)

IP65

RECESSED BOCR CLEANROOM LED GRID LIGHT

Arraystorm EPIC Bottom Opening Clean Room (BOCR) Recessed High Efficency Cleanroom LED Gridlight, Body made of CRCA, Frame made of powder coated CRCA or Stainless Steel and Polycarbonate Diffuser with homogeneous light distribution without hotspots. 230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog

FLAME PROOF CLEANROOM (1X2)

IP65

RECESSED LED DOWN LIGHT
RECESSED FLAME PROOF CLEANROOM LED GRID LIGHT
Arraystorm EPIC Flame Proof Recessed High Efficency Cleanroom LED Gridlight, Body made of die cast Aluminium and Frame made of powder coated CRCA and high precission glass lens.230 V with standard driver, CRI>80,

CCT available in 3000K/4000K/5700K. Driver also available in DALI | Analog

MANUFACTURING & DESIGN

he state-of-the-art factory in Bangalore features fully equipped machines for 'pick and place' of LEDs along with machines for 'made-to-measure' profile productions. All employees receive extensive training to guarantee best craftsmanship standards. Ongoing investment in people, infrastructure and production capabilities keep our product ranges at the forefront of the market's requirements.

Arraystorm Design Center stretches its wings to disciplines such as optical, mechanical, software, electronics, and electrical engineering. Relying on in-house engineering expertise, our products are created with a deep understanding of customer and industry requirements, enabling us to bring functional, quality products from concept to life, in record time.

ARRAYSTORM'S ALUMINIUM CUTTING MACHINE FROM ITALY

TESTING & QUALITY

The team at Arraystorm follows the strictest quality parameters, to ensure products and services are designed and produced to exceed customer requirements. Arraystorm's team of engineers are on a continuous search for new age design with emphasis on energy-efficiency and optimal quality of light. Through extensive in-house testing, advanced product development, and continuous optimization of materials used, Arraystorm is able to provide functional lighting which excels in optimal performance, durability, and efficiency. Product quality and safety testing is done in accordance with international standards by government accredited lighting laboratories such as UL and Intertek.

General conditions of business

Disclaimer

• Company reserves the right to issue amendments, which may rise due to any errors in the catalogue

• Continuous design changes is a routine practice of RR Kabel. Data provided may change without any prior intimation

• Customers are advised to reconfirm the data or product dimensions before purchase with our local offices

• Products can be withdrawn by the company at any point of time without prior notice

Although every effort has been made to ensure accuracy in the compilation of the technical detail in this catalogue, however the current details' specifications of all components needs to be checked with RR Kabel's Arraystorm team before placing of orders as the Specifications , design and the performance data are constantly being upgraded till the issue of next catalogue.
